## Report of Independent Auditor

To the Board of Governors  
Austin Community Foundation  
Austin, Texas

We have audited the accompanying consolidated financial statements of Austin Community Foundation (the "Foundation") which comprise the consolidated statement of financial position as of December 31, 2020 and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Austin Community Foundation as of December 31, 2020, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Prior Year Financial Statements

The consolidated financial statements of Austin Community Foundation as of December 31, 2019, were audited by other auditors whose report dated August 31, 2020, expressed an unmodified opinion on those statements.

**Emphasis of Matter**

As discussed in Note 7 to the consolidated financial statements, the consolidated financial statements include Level 3 assets and additional assets valued using the net asset value as a practical expedient which totaled \$42,069,433 (12% of total assets) and \$34,306,496 (11% of total assets) as of December 31, 2020 and 2019, respectively, whose fair values have been estimated by management using assumptions or inputs that are supported by limited market activity in the absence of readily determinable fair values. Our opinion is not modified with respect to this matter.

**Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplemental consolidating schedule of financial position information and consolidating schedule of activities and changes in net assets information on pages 25 and 26 are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

# AUSTIN COMMUNITY FOUNDATION

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

---

### Note 1—Organization and summary of significant accounting policies

#### Organization

Austin Community Foundation (the “Foundation”) is a Texas not-for-profit corporation chartered in 1977, whose primary mission is to receive gifts, bequests, and donations to be administered in charitable, scientific, literary, educational, social, and public welfare activities for the benefit of Central Texas. The Austin Community Foundation is exempt from federal income tax under the Internal Revenue Code (“IRC”) Section 501(c)(3) for income related to its exempt purpose and is classified by the Internal Revenue Service (“IRS”) as an organization other than a private foundation.

Austin Community Foundation manages approximately 1,300 charitable funds, established by individual donors, corporations and not-for-profit agencies, and invests some funds for growth so that they can flow back into the community to support a wide range of charitable efforts, including grants and scholarships. Austin Community Foundation’s grants, whether from specific charitable funds or from its discretionary funds, support health, human services, arts and culture, the environment, community development and community service, education and training, recreation, and animal-related services. Austin Community Foundation has a spectrum of fund types to help donors meet their philanthropic goals and provides leadership around community issues.

*ACF Associates, LLC* was formed in July 2008 as a limited liability company subsidiary with Austin Community Foundation being the sole member, to hold certain investments.

*ACF Bright Leaf Preserve* (a not-for-profit corporation) was formed in October 1991 under the original name “Charitable Holdings”, as a support organization to hold title to the 216 acre Bright Leaf Preserve.

*Charitable Holdings II* (a not-for-profit corporation) was formed in December 2010 as a support organization to receive real property donations.

*CH II Charitable Properties, LLC* was formed in December 2013 as a limited liability company subsidiary with Charitable Holdings II being the sole member, to receive real property donations.

*Schweitzer Family Foundation* was formed in April 2001 as a support organization to further the charitable mission of the Austin Community Foundation.

*Notley Fund* (a not-for-profit corporation) was formed in September 2015 as a support organization to further the charitable mission of the Austin Community Foundation. Notley Fund currently has four active initiatives, each 501(c)(3) organizations: Philanthropitch, Catalyst Games (formerly Start Up Games), HomeFront and BEAM (formerly Women@Austin)

*Texas Clinic Emergency Loan Fund LLC, TXCELF LLC* was formed in July 2020 as a limited liability company subsidiary with Austin Community Foundation being the sole member to hold the assets and activities for a fiscally sponsored project to further the charitable mission of the Austin Community Foundation.

All activity within the subsidiaries, support organizations and initiatives have been consolidated in the accounts of the Austin Community Foundation.

#### Summary of Significant Accounting Policies

*Basis of Presentation* – The consolidated financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America (“U.S. GAAP”).

# AUSTIN COMMUNITY FOUNDATION

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

---

### **Note 1—Organization and summary of significant accounting policies (continued)**

*Consolidation* – The consolidated financial statements include the accounts of Austin Community Foundation and its subsidiaries, ACF Associates, LLC and TXCELF LLC, and its support organizations, Charitable Holdings II and its subsidiary CH II Charitable Properties, LLC, Schweitzer Family Foundation, ACF Bright Leaf Preserve and Notley Fund and its initiatives (collectively, the “Foundation”). All intercompany transactions have been eliminated in combination.

*Net Asset Classifications* – In accordance with the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 958, *Not-for-Profit Entities*, the Foundation is required to report information regarding its financial position and activities according to the existence or absence of donor-imposed restrictions.

*Net Assets Without Donor Restrictions* – Net assets that are not subject to donor-imposed stipulations. Net assets without donor restrictions may be used for any purpose or designated for specific purposes by the Foundation.

*Net Assets With Donor Restrictions* – Net assets that are restricted by gift instruments as to use or period of time that do not acknowledge the Foundation’s “variance power”. This occurs mostly when funds are transferred in a donor’s will/bequest without use of a fund agreement or where there is a specific legal contract such as in the case of charitable gift annuities and charitable trusts. When donor restrictions expire, either when a stipulated time restriction ends or a purpose restriction is fulfilled, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions.

The Board of Governors, with the advice of legal counsel, determines whether the Foundation’s net assets meet the definition of endowments under the Uniform Prudent Management of Institutional Funds Act of 2006 (“UPMIFA”). For those not meeting the requirements of a UPMIFA-defined endowment, the Foundation intends many of its funds to be permanent and manages them accordingly. Further references to “endowment”, “endowment fund”, or “endowed assets” in these notes relate to those intentions of the Foundation.

The Board of the Foundation has interpreted UPMIFA as preserving the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor restrictions to the contrary. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA.

The Foundation is governed by its Articles of Incorporation and Bylaws and further by its adopted investment policy as well as individual gift instruments and agreements. Although the Foundation’s desire is to build endowed assets, the Foundation has “variance power” as stated in its Articles of Incorporation. Variance power is the ability to modify any restriction or condition on the distribution of assets, if circumstances warrant. As a result of the ability to distribute corpus, all contributions not classified as net assets with donor restrictions are classified as net assets without donor restrictions for financial statement purposes.

*Cash and Cash Equivalents* – For purposes of the statement of cash flows, cash and cash equivalents consist of cash held in bank deposit accounts and short-term, highly liquid investments with original maturities of 90 days or less.

# AUSTIN COMMUNITY FOUNDATION

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

---

### **Note 1—Organization and summary of significant accounting policies (continued)**

*Contributions* – Contributions received (including unconditional promises to give) are recorded as revenues without donor restrictions in the period received unless their use is restricted by explicit donor stipulation or by law. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as support within net assets without donor restrictions. Contributions received which are part of the Foundation’s ongoing major or central activities are recognized as revenue. Conditional promises to give to the Foundation are recognized as the conditions upon which they depend are substantially met. Promises to give are recognized as revenue only if sufficient evidence exists in the form of verifiable documentation that a promise was made and received. Support that is not restricted by the donor is reported as an increase in net assets without donor restrictions in the reporting period in which the support is recognized. Donated assets are recorded at their estimated fair values at the date of receipt.

The Foundation reports contributions of land, buildings, and equipment as revenues without donor restrictions, unless explicit donor restrictions specify how the donated assets must be used. Gifts of assets with explicit restrictions that specify how the assets are to be used are accounted for as restricted support. The Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

*Contributed Services* – Donated services are recognized as contributions if the services (1) create or enhance non-financial assets, or (2) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. During the years ended December 31, 2020 and 2019, the value of contributed services meeting the requirements for recognition in the consolidated financial statements was not material and no amounts have been recorded. Although individuals volunteer their time and perform a variety of tasks that assist the organization, these services do not meet the criteria for recognition as contributed services.

*Property and Equipment* – Furniture, equipment, software, and vehicles are capitalized at cost. Property and equipment are depreciated over estimated useful lives of three to five years using the straight-line method. Software licenses are amortized over the life of the contract or its useful life of the asset. Leasehold improvements are amortized over the lesser of the life of the lease or the useful life of the asset.

*Income Taxes* – The Foundation is exempt from federal income taxes under Section 501(c)(3) of the IRC. Unrelated business income, of which the Foundation had no significant amounts for the years ended December 31, 2020 and 2019, is subject to federal income taxes. Accordingly, there is no provision or liability for federal income taxes in the accompanying financial statements. The Foundation recognizes the tax benefits from uncertain tax positions only if it is more likely than not that the tax positions will be sustained on examination by the taxing authorities, based on the technical merits of the positions. As of December 31, 2020, there were no uncertain tax positions taken on significant estimates. The tax benefits recognized in the consolidated financial statements from such positions are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement.

The Foundation files informational returns in the U.S. federal jurisdiction. With few exceptions, the Foundation is no longer subject to U.S. federal tax examinations by tax authorities for the three previous tax years for which filings have been made.

*Use of Estimates* – The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated.

# AUSTIN COMMUNITY FOUNDATION

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

---

### Note 1—Organization and summary of significant accounting policies (continued)

*Functional Expenses* – The costs of providing the various programs and other activities have been summarized on a functional basis in the consolidated statements of activities. Accordingly, certain expenses are allocated between functional categories based on management’s estimates. Expenses relating to more than one function are allocated to grant funding, program expense, management and general, and fundraising and development costs based on employee time estimates. Allocations to grant funding and program services are for activities that result in services being distributed to beneficiaries, donors, or others that fulfill the mission of the Foundation. Allocations to management and general expenses include accounting, general management and oversight, audit, budgeting, human resources, legal and admin support of the Board of Directors. Allocations for fundraising are primarily for fundraising activities for operations. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide overall support and direction of the Foundation.

*Charitable Remainder Trusts, Charitable Lead Trusts, and Charitable Gift Annuities* – The Foundation has entered into irrevocable agreements with donors whereby, in exchange for the gift from the donor, the Foundation is obligated to provide annual distributions to a designated beneficiary.

A charitable remainder unitrust pays a fixed percentage of the net fair value of the trust’s assets value at least annually. A charitable remainder annuity trust pays a fixed dollar amount that will not vary from year to year. Each trust is a separate legal entity. At the end of the trust term, the remainder interest is paid to the beneficiary. The portion of the trust attributable to the future interest of the Foundation is recorded in the consolidated statements of activities as contributions with donor restrictions in the period the trust is established. Assets held in the charitable remainder trust are recorded at fair value, which is based on the present value of the future distributions expected to be received over the term of the agreements, in the Foundation’s consolidated statements of financial position. On an annual basis, the Foundation revalues the liability to make distributions to the designated beneficiaries based on actuarial assumptions. The present value of the estimated future payments is calculated using discount rates provided by the IRS and applicable mortality tables.

The Foundation is the beneficiary of a charitable remainder trust administered by a third party trustee with a fair value of \$146,715 and \$126,961 as of December 31, 2020 and 2019, respectively. The Foundation serves as the trustee for a charitable remainder unitrust but is not the charitable beneficiary. A liability has been established for this beneficiary and this obligation totaled \$521,510 and \$496,691 as of December 31, 2020 and 2019, respectively. The Foundation serves as the trustee and is the beneficiary of a charitable remainder annuity trust with a fair value of \$158,132 and \$169,784 as of December 31, 2020 and 2019, respectively.

A charitable lead annuity trust pays a set dollar amount to a charity for the term of the trust. At the end of the trust term, the remaining trust assets are paid to the beneficiary recipients. When the Foundation is the lead beneficiary and not the trustee, its interest in the trust assets and specified future distributions is recorded as a beneficial interest in split interest agreements. Assets are initially recorded as contributions at the present value of the projected future cash flows using actuarial assumptions and discount rates based on market conditions in effect when the trusts were established. Liabilities have been established for these beneficiaries and these obligations totaled \$514,090 and \$409,700 as of December 31, 2020 and 2019, respectively.

The Foundation received notice in early 2020 that it is the lead beneficiary of a charitable lead trust in which the Foundation is not the trustee. The fair value of the projected future cash flows is \$1,517,607 as of December 31, 2020.

# AUSTIN COMMUNITY FOUNDATION

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

---

### **Note 1—Organization and summary of significant accounting policies (continued)**

A charitable gift annuity pays a fixed dollar amount for the life of the beneficiary. The assets gifted by the donor become the assets of the Foundation at the time of the gift. Unlike the charitable remainder trusts, the annuities are private contracts between the charity and the donor. The assets received from the donor are recorded at fair value. On an annual basis, the Foundation revalues the liability to make distributions to the designated beneficiaries based on actuarial assumptions. The Foundation has recorded a liability of \$167,671 and \$171,639 as of December 31, 2020 and 2019, respectively, which represents the estimated present value of the future annuity obligations. The liability has been determined using discount rates as provided by the IRS and applicable mortality tables.

*Funds Held for Others - Agency* – The Foundation accepts contributions from various donors, including not-for-profit organizations. If a not-for-profit organization establishes with its own funds a fund at the Foundation for its own benefit, even though variance power is explicitly stated in the gift instrument, the transfer of assets to the Foundation is not contribution revenue and is accounted for as a liability. The Foundation reports the funds as an asset; however, it is required by FASB ASC Topic 985-605 (formerly FASB 136, *Transfers of Assets to a Not-for-Profit Organization or Charitable Trust That Raised or Holds Contributions for Others*) to establish a liability for the fair value, representing the present value of the future payments expected to be made to the not-for-profit organization. The liability is reflected under funds held for others on the accompanying consolidated statements of financial position. In addition, related amounts received and distributed are presented separately in the accompanying consolidated statements of activities.

*Grants Payable* – The Foundation recognizes grants payable at the time the Foundation has an unconditional obligation to transfer promised assets in the future. If payments of the unconditional promise to give are to be made to a recipient over several fiscal periods and the recipient is subject only to routine performance requirements, the Foundation recognizes a liability and an expense for the entire amount payable.

*Recent Accounting Pronouncements* – In February 2016, FASB issued ASU 2016-02, *Leases (Topic 842)*. This ASU requires a lessee to recognize a right-of-use asset and a lease liability under most operating leases in its balance sheet. For non-public companies, the ASU is effective for years beginning after December 15, 2021. Early adoption is permitted. The Foundation is currently evaluating the impact of ASU 2016-02 on its consolidated financial statements.

*Management's Review* – The Foundation evaluates events that occur subsequent to the consolidated statement of financial position date of periodic reports, but before financial statements are issued for periods ending on such dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Foundation's consolidated financial statements are available for issuance. For the consolidated financial statements for the year ended December 31, 2020, this date was August 31, 2021.

**AUSTIN COMMUNITY FOUNDATION**  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

**Note 2—Liquidity and availability of resources**

As part of the Foundation's liquidity management, financial assets are structured to be available as general expenditures, liabilities and other obligations become due. The Foundation invests cash in excess of daily requirements in short-term investments and money market funds.

The following table reflects the Foundation's financial assets as of December 31, 2020 and 2019, reduced by amounts unavailable for grants and other expenses within one year. Financial assets are considered unavailable when they are illiquid, unable to be converted to cash within one year, include funds held for others, or are net asset with donor restrictions.

	<u>2020</u>	<u>2019</u>
Cash and cash equivalents	\$ 27,558,979	\$ 31,231,593
Certificates of deposit	5,031,700	3,503,378
Programmatic loans and investments	8,848,826	2,040,951
Investments, at fair value:		
Marketable securities	270,995,265	234,291,073
Real estate and other investments	5,664,744	5,438,005
Hedge funds and private equity	34,740,367	28,741,530
Split-interest agreements	1,664,322	126,961
Accounts receivable	74,782	484,069
Total financial assets	<u>354,578,985</u>	<u>305,857,560</u>
Less amounts not available to be used within one year:		
Net assets with donor restrictions	(33,382,102)	(31,690,080)
Funds held for others	(31,406,391)	(23,671,725)
Certificates of deposit maturing beyond one year	(1,500,000)	-
Programmatic loans and investments	(8,064,326)	(1,640,951)
Limited marketable investments	(40,405,111)	(34,179,535)
Split-interest agreements	(1,336,323)	(126,961)
Financial assets available to meet operating and grantmaking expenditures over the next 12 months	<u>\$ 238,484,732</u>	<u>\$ 214,548,308</u>

Programmatic loans and investments not available to be used within one year were reduced in 2020 by five loans totaling \$784,500 due within one year and were reduced in 2019 by one note that matured in 2020. Hedge funds, private equity, real estate, and other investments are considered to be limited marketable investments given the existence of lock up terms, specified withdrawal periods, and less liquid markets.

The Foundation believes the financial assets available to meet operating and grantmaking expenditures is sufficient capital to fund the anticipated growth of the Foundation over the next 12 months as well as any unanticipated contingencies and losses.

**AUSTIN COMMUNITY FOUNDATION**  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

**Note 3—Cash and cash equivalents**

Cash and cash equivalents consisted of the following as of December 31:

	<u>2020</u>	<u>2019</u>
Cash	\$ 13,738,846	\$ 6,687,842
Money market funds	13,820,133	24,543,751
	<u>\$ 27,558,979</u>	<u>\$ 31,231,593</u>

**Note 4—Programmatic loans and investments**

The Foundation has made loans and equity investments for the purpose of the Foundation programmatic mission. The Foundation also partners with donors to make investments. The Foundation records program related investments at cost when the investments are made. These investments are evaluated for changes to their fair value based on relevant financial information and adjusted, if appropriate. Interest on loan receivables is generally charged at below market rates. Maturities of loans receivable held at December 31, 2020 are at dates ranging from 2021 to 2023, or upon the occurrence of certain events. Management has reviewed the collectability of the notes receivable and equity investments and has determined an allowance for impairment is not necessary as of December 31, 2020 and 2019. The Foundation had programmatic loans and investments as of December 31, 2020 and 2019 of \$8,848,826 and \$2,040,951, respectively.

**Note 5—Marketable securities**

Marketable securities are stated at fair value based on quoted market prices and consisted of the following as of December 31:

	<u>2020</u>	<u>2019</u>
U.S. government securities	\$ 10,460,172	\$ 3,790,994
Fixed income securities	5,487,954	7,576,383
Equity securities	255,047,139	222,923,696
	<u>\$ 270,995,265</u>	<u>\$ 234,291,073</u>

**Note 6—Real estate investments and other investments**

Real estate and other investments consisted of the following as of December 31:

	<u>2020</u>	<u>2019</u>
Land	\$ 4,637,387	\$ 4,255,512
Oil and gas leasehold	1,027,357	1,182,493
	<u>\$ 5,664,744</u>	<u>\$ 5,438,005</u>

Effective September 1, 2006, Charitable Holdings (now ACF Bright Leaf Preserve) received the ownership interest in approximately 216 acres of land. The 216 acres is required to be maintained as a wildlife park and nature preserve under the donor's will and the deed from the Texas Parks and Wildlife Department and cannot be sold by ACF Bright Leaf Preserve. Under the court order allowing the Texas Parks and Wildlife Department to convey the property to ACF Bright Leaf Preserve, the Foundation has the responsibility to manage access and programs and maintain the property in accordance with the terms of the will and the deed.

# AUSTIN COMMUNITY FOUNDATION

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

---

### Note 7—Fair value of financial instruments

The estimated fair value amounts of the Foundation's financial instruments have been determined by the Foundation, using the following methods and assumptions for each class of financial instruments:

- The carrying amount of cash equivalents approximates fair value because of the short-term nature and liquidity of the financial instrument.
- Bonds are based on the present value of the stream of cash flows it is expected to generate and the active market of similar bonds being traded in the marketplace.
- Publicly traded equities and other similar instruments are valued at the closing price on the last business day of the year.
- Fair value of beneficial interest in a charitable remainder trust is calculated by determining the present value of the estimated future cash flows.
- Fair value of the oil and gas royalties are estimated using the trailing 60 months of net revenue, an industry accepted valuation method.
- Fair value of hedge funds and private equity investments in the ACF pools are based on audited financial statements in compliance with U.S. GAAP.
- Fair value of business interests and privately held stock are calculated based on the underlying financial statements and other information relevant to their valuation.
- Programmatic loans and investments are valued based on the present value of the stream of cash flows it is expected to generate and the collectability of the loans and investments.
- Land is valued based on current appraisals or broker's opinions of value. Tax appraisal information is also used to corroborate valuations, where appropriate.
- Insurance policies are valued based on their cash surrender value.

However, considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that the Foundation could realize in a current market exchange. The use of different market assumptions and estimation methodologies may have a material effect on the estimated fair value amounts. The change in fair value between years along with realized gains or losses are reflected in the statement of revenues and expenses in the year of the change.

For investments that are remeasured at fair value on a recurring basis, the Foundation discloses the hierarchy of the valuation based on the inputs used to determine the valuation. Financial instruments are considered Level 1 when their values are determined using quoted prices in active markets for identical assets that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1, such as quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Financial instruments are considered Level 3 when their values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable. Level 3 financial instruments also include those for which the determination of fair value requires significant management judgment or estimation.

The carrying amount of cash and cash equivalents, notes receivable, other assets, accounts and grants payable, and funds held for others approximated fair value at December 31, 2020 and 2019, because of their relatively short maturity and market terms.

**AUSTIN COMMUNITY FOUNDATION**  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

**Note 7—Fair value of financial instruments (continued)**

The following tables represent the Foundation's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2020 and 2019:

	<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>	<b>Total</b>
<b><u>December 31, 2020</u></b>				
Marketable securities	\$ 265,507,311	\$ 5,487,954	\$ -	\$ 270,995,265
Real estate and other investments	-	-	5,664,744	5,664,744
Hedge funds and private equity *	-	-	-	34,740,367
Split-interest agreements	-	-	1,664,322	1,664,322
	<u>\$ 265,507,311</u>	<u>\$ 5,487,954</u>	<u>\$ 7,329,066</u>	<u>\$ 313,064,698</u>
	<b>Quoted Prices in Active Markets for Identical Assets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>	<b>Total</b>
<b><u>December 31, 2019</u></b>				
Marketable securities	\$ 226,714,690	\$ 7,576,383	\$ -	\$ 234,291,073
Real estate and other investments	-	-	5,438,005	5,438,005
Hedge funds and private equity *	-	-	-	28,741,530
Split-interest agreements	-	-	126,961	126,961
	<u>\$ 226,714,690</u>	<u>\$ 7,576,383</u>	<u>\$ 5,564,966</u>	<u>\$ 268,597,569</u>

\* In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the consolidated statements of financial position.

The estimated fair values of Level 3 investments were determined by the Foundation as described above based on a number of factors, including the costs of investments to the Foundation as well as the current and projected operating performance. Changes in unrealized appreciation or depreciation of the investments are recognized as unrealized gains and losses in the consolidated statements of activities.

**AUSTIN COMMUNITY FOUNDATION**  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

**Note 7—Fair value of financial instruments (continued)**

The changes in assets measured using significant unobservable inputs for the years ended December 31, 2020 and 2019 were:

	<b>Fair Value Measurements Using Significant Unobservable Inputs (Level 3)</b>
Balance, December 31, 2018	\$ 4,300,009
Gains or losses (realized/unrealized) included in changes in net assets	1,380,327
Amortization of oil and gas leasehold	(115,370)
Balance, December 31, 2019	5,564,966
Gains or losses (realized/unrealized) included in changes in net assets	318,265
Purchases and contributions, net	1,600,970
Amortization of oil and gas leasehold	(155,135)
Balance, December 31, 2020	<u>\$ 7,329,066</u>

Hedge funds and private equity investments are recorded at fair value based on net asset value statements from the funds and consisted of the following at December 31, 2020 and 2019:

	<b>2020</b>	<b>2019</b>
Hedge funds	\$ 15,657,910	\$ 14,301,113
Private equity funds	19,082,456	14,440,417
	<u>\$ 34,740,366</u>	<u>\$ 28,741,530</u>

The Foundation has commitments to fund private equity investments in the future totaling \$3,505,708 and \$2,730,618 at December 31, 2020 and 2019. Royalties and bonuses received from oil and gas leaseholds totaled \$173,584 and \$144,576 at December 31, 2020 and 2019, respectively, and are included in other income on the consolidated statements of activities.

**Note 8—Notes payable**

On July 16, 2020, TXCELF LLC entered into a nonrecourse loan agreement with a health foundation, for the purpose of utilizing the loan funds to make and support secured loans to assist health clinics meet emergency community needs arising as result of the COVID-19 pandemic. The note bears interest at an adjustable annual rate of 0-3%. Quarterly principal and interest payments of \$172,429 are due beginning July 2021, and will continue until the maturity date of September 30, 2023, at which point, all outstanding and unpaid principal and interest will be due. As of December 31, 2020, the outstanding balance due under the loan agreement was \$4,800,000.

**AUSTIN COMMUNITY FOUNDATION**  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

**Note 8—Notes payable (continued)**

The following schedule shows minimum payments due as of December 31:

**Years Ending December 31,**

2021	\$ 570,296
2022	685,714
2023	3,771,429
	<u>\$ 5,027,439</u>

**Note 9—Paycheck Protection Program Loan**

On April 29, 2020, the Foundation received a forgivable Paycheck Protection Program (“PPP”) loan in the amount of \$327,362. The loan and accrued interest are forgivable as long as the Foundation uses the loan proceeds for eligible purposes, including payroll, benefits, and utilities and maintains its payroll levels. The amount of loan forgiveness will be reduced if the borrower terminates employees or reduces salaries during the qualifying period. The unforgiven portion of the PPP loan is payable over two years at an annual interest rate of 1%, with a deferral of payments for the first six months. The Foundation accounted for the receipt of the loan as a conditional grant. As of December 31, 2020, the loan was recorded in accounts and grants payable in the statement of financial position. During the year ended December 31, 2020, the Foundation utilized the proceeds for purposes consistent with the PPP and management believes that its use of the loan proceeds will meet the conditions for forgiveness of the loan. Subsequent to December 31, 2020, the PPP loan was forgiven in its entirety.

**Note 10—Property and equipment**

The following is a summary of furniture, equipment, and leasehold improvements as of December 31:

	<u>2020</u>	<u>2019</u>
Furniture and equipment	\$ 259,838	\$ 250,209
Software	99,135	99,135
Vehicle	29,055	29,055
Leasehold improvements	210,453	210,453
	598,481	588,852
Less accumulated depreciation and amortization	(550,554)	(528,922)
Property and equipment, net	<u>\$ 47,927</u>	<u>\$ 59,930</u>

Depreciation expense was \$19,633 and \$18,272 for the years ended December 31, 2020 and 2019, respectively.

**Note 11—Net assets**

Net assets resulting from contributions whose use by the Foundation is limited by donor-imposed restrictions that are not expected to expire are considered net assets with donor restrictions. An example of a net asset with donor restrictions would be the donation of funds (or other assets) to the Foundation subject to a gift instrument in which the donor imposed a restriction that the funds not be expended, but that the Foundation would be permitted to use or expend part or all of the income (or other economic benefit) derived from the donation.

**AUSTIN COMMUNITY FOUNDATION**  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

**Note 11—Net assets (continued)**

As of December 31, 2020 and 2019, three individual funds made up 77% and 74%, respectively, of the Foundation's net assets with donor restrictions. As of December 31, 2020 and 2019, one fund made up 54% and 55%, respectively, of the Foundation's net assets with donor restrictions.

As of December 31, 2020 and 2019, net assets without donor restrictions of \$5,316,049 and \$4,159,814, respectively, were specifically designated by the board.

**Note 12—Endowments**

The Foundation's endowments consist of more than 380 individual funds established for a variety of purposes. Endowments are defined in Note 1 to the consolidated financial statements. The Foundation considers the following factors in making a determination on the amount, if any, to be available for distribution from each endowment fund:

- The duration and preservation of the fund
- The purposes of the organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the organization
- The investment policies of the organization.

**Note 12—Endowments (continued)**

As of December 31, 2020 and 2019, the endowment assets of the Foundation, as defined by fund type, were as follows:

	<b>Without Donor Restrictions</b>	<b>With Donor Restrictions</b>	<b>Total</b>
<b><u>December 31, 2020</u></b>			
UPMIFA-defined endowment funds:			
Discretionary	\$ 25,900	\$ 707,502	\$ 733,402
Field of interest	520,665	4,109,231	4,629,896
Designated	142,600	11,568,579	11,711,179
Scholarship	154,000	1,108,563	1,262,563
Advised endowment	840,052	15,254,933	16,094,985
Charitable trust	-	146,715	146,715
Other endowment funds:			
ACF related	395,574	-	395,574
Discretionary	10,161,359	-	10,161,359
Field of interest	8,907,789	-	8,907,789
Scholarship	6,824,403	-	6,824,403
Designated	26,716,988	-	26,716,988
Advised endowment	46,873,976	-	46,873,976
	<u>\$ 101,563,306</u>	<u>\$ 32,895,523</u>	<u>\$ 134,458,829</u>

**AUSTIN COMMUNITY FOUNDATION**  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

DECEMBER 31, 2020 AND 2019

**Note 12—Endowments (continued)**

	<b>Without Donor Restrictions</b>	<b>With Donor Restrictions</b>	<b>Total</b>
<b>December 31, 2019</b>			
UPMIFA-defined endowment funds:			
Discretionary	\$ 25,670	\$ 663,548	\$ 689,218
Field of interest	409,365	3,816,731	4,226,096
Designated	199,500	11,093,172	11,292,672
Scholarship	149,200	1,033,642	1,182,842
Advised endowment	812,910	14,256,353	15,069,263

	<u>\$ 90,366,780</u>	<u>\$ 30,990,407</u>	<u>\$ 121,357,187</u>

*Funds with Deficiencies* – From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or law (underwater endowments). The Foundation has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required by law. At December 31, 2020 and 2019, there were no funds with deficiencies.

The summary of changes in endowment assets during the year ended December 31, 2020 is as follows:

	<b>Without Donor Restrictions</b>	<b>With Donor Restrictions</b>	<b>Total</b>
Endowment assets as of December 31, 2018	\$ 75,764,015	\$ 27,113,646	\$ 102,877,661
Contributions	3,178,024	78	3,178,102
Transfers	(142,380)	(1,482,763)	(1,625,143)

# AUSTIN COMMUNITY FOUNDATION

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

---

### **Note 12—Endowments (continued)**

*Return Objectives and Risk Parameters* – The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment assets while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Governors, the endowment assets are invested in a manner that is intended to produce total investment returns that preserve the endowment's purchasing power while still meeting the Foundation's spending policy, investment and administrative expenses and inflation over a long-time horizon, while assuming a moderate level of investment risk. Actual returns in any given year may vary from this amount.

*Strategies Employed for Achieving Objectives* – To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

*Spending Policy and How the Investment Objectives Relate to Spending Policy* – The Foundation has a policy of appropriating for distribution each year approximately four percent of its endowment funds average fair value over the prior 20 quarters through the fiscal year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the Foundation considered the long-term expected return on its endowment. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

### **Note 13—Retirement plan**

The Foundation has contracted with a professional employment agency to provide employment services and a 401(k) plan for its eligible employees. For the years ended December 31, 2020 and 2019, the Foundation contributed \$64,226 and \$52,933, respectively.

### **Note 14—Credit risk**

Certain financial instruments potentially subject the Foundation to concentrations of credit risk. These financial instruments consist primarily of cash and cash equivalents, investments, and notes receivable. The cash policy of the Foundation limits the amount of credit exposure, and requires that cash be placed with high credit quality financial institutions. Credit risk on investments is limited due to wide diversification of the investment portfolio.

The Foundation maintains its cash and cash equivalents in bank deposit accounts which, at times, may exceed federally insured limits. Accounts are generally guaranteed by the Federal Deposit Insurance Corporation up to \$250,000. The Foundation has not experienced any losses in such accounts. The Foundation also maintains accounts with multiple brokerage firms, which include industry-grade money market funds, mutual funds, equities, government obligations and other asset classes. Balances in qualifying accounts are insured up to \$500,000 (with a limit of \$250,000 for cash) by the Securities Investor Protection Corporation. At times, balances within these accounts may exceed the insured limits. Management believes that the Foundation is not exposed to any significant risk with respect to its cash and cash equivalents.

An allowance for uncollectible accounts is provided based on management's evaluation of potential uncollectible accounts and notes receivable at year-end. As of December 31, 2020 and 2019, there was no allowance for uncollectible accounts.

# AUSTIN COMMUNITY FOUNDATION

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2020 AND 2019

---

### Note 15—Concentrations

During the year ended December 31, 2020, the Foundation recorded contributions from four donors that amounted to 32% of total contributions. During the year ended December 31, 2019, the Foundation recorded contributions from four donors that amounted to 29% of total contributions.

As of December 31, 2020 and 2019, two individual funds totaled 43% and 46% of the Foundation's agency funds held for others, respectively.

### Note 16—Related party transactions

The Notley Fund entered into a shared services agreement with Notley Ventures, LLC, a Texas limited liability company ("Notley Ventures") owned by one of the Foundation's board members, effective January 1, 2017. Under the agreement, Notley Fund uses employees of Notley Ventures for the performance of accounting, development, finance, legal, marketing, and other general management services. For the years ended December 31, 2020 and 2019, the Notley Fund paid \$1,352,515 and \$719,605, respectively, in expenses to Notley Ventures.

### Note 17—Lease commitments

In October 2012, the Foundation extended the original lease for its primary office for five years beginning in November 2012 and expiring in October 2017. In October 2017, the Foundation entered into a second amendment which extended the lease for an additional five years beginning in November 2017 and expiring in October 2022. The second amendment includes a clause that the lease may be canceled by the Foundation with a six months' notice to the landlord. Rent expense was \$154,398 and \$150,507 for the years ended December 31, 2020 and 2019, respectively.

Minimum future rentals for the office space lease as of December 31, 2020 are as follows:

#### Years Ending December 31,

2021	\$ 159,030
2022	135,821
	<u>\$ 294,851</u>

### Note 18—Life insurance policies and life annuity contracts

In 2003 and 2004, the Foundation participated in life insurance policies and life annuity contracts or "LILAC" transactions. In LILAC transactions, an unrelated entity forms a statutory business trust as a vehicle for paying the proceeds of life annuity contracts and life insurance policies to investors and charities. After the business trust is formed, the trust obtains life insurance and life annuities on the lives of consenting individuals, sells equity securities to investors, and issues a second class of securities to the charitable organization designated by the consenting individuals, such as the Foundation. The trust uses the life annuity payments to pay the life insurance premiums and to provide a return to the investors. As consenting individuals die, the trust will distribute the majority of the death benefit proceeds to the investors and distribute the remaining proceeds, if any, to the Foundation. The organizers of the LILAC transactions have projected that the death benefits to be received by the Foundation are estimated to be approximately \$28.2 million with \$11.7 million remaining in the future. The Foundation will pay-out the primary portion of the death benefits to other charities by the insured.

**AUSTIN COMMUNITY FOUNDATION**  
**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

*DECEMBER 31, 2020 AND 2019*

---

**Note 18—Life insurance policies and life annuity contracts (continued)**

For financial accounting purposes, the Foundation will recognize any proceeds from the LILAC transactions as they are received. The Foundation received and recognized \$750,000 and \$4,650,000 in proceeds for the years ended December 31, 2020 and 2019, respectively. Of the \$750,000 received in 2020, the Foundation distributed \$712,500 in charitable grants and retained \$37,500 as an administrative fee. Of the \$4,650,000 received in 2019, the Foundation distributed \$4,417,500 in charitable grants and retained \$232,500 as an administrative fee.

**Note 19—Subsequent events**

On January 1, 2021, the Notley Fund ceased to be a support organization of the Foundation and was converted to a private operating foundation. The departure was accounted for as a disposition of a segment and the Foundation's net assets were reduced by \$3,082,137. The disposition included the net assets of both the Notley Fund and its controlled public charity initiatives Philanthropitch, Catalyst Games, HomeFront, and BEAM.

In a judgment issued July 13, 2021, a State of Texas Probate Court approved the gift of the Bright Leaf Preserve from the Foundation's support organization ACF Bright Leaf Preserve to the city of Austin to be operated under the Wildlands Conversation Division of Austin Water and its Balcones Canyonlands Preserve Program. The transaction was completed on August 17, 2021.
